This photo of "Bernard" graced the cover of an article published in the 2024 PWCCA Summer Newsletter. The article, submitted by SPWCC, is reproduced in this newsletter and begins on Page 34.

SUNSHINE THEMES

From the Desk of the President

Dear SPWCC Members:

Happy July!

I hope everyone is doing well and getting through the summer heat.

Our 2024 specialty is a wrap !! Thanks and appreciation to our judges, Lisa Peterson who judged sweeps and Kristen Francis who judged breed. Also many thanks to Patti Klevin who helped keep things moving along. We had many quality entries. I enjoyed watching the classes and both judges had difficult choices to make.

Thanks to show chair Dianne Tharp. Our wonderful members, Gail Steinmetz, Cindy Smith, Lesley Hammar, Leslie Condoleo, Mike & Terri New, Rina's daughter Ava Alekovskaya, Deb Shindle, Deby Broussard and Alisha Stevenson. If I have forgotten anyone, my humble apologies. I am beyond proud of our club. We have the best members.

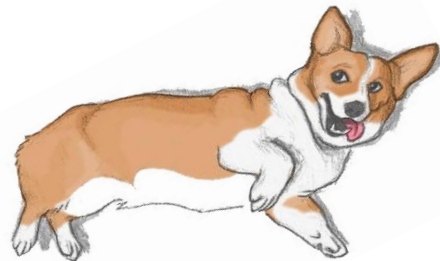

Unfortunately I was not able to stay for the after-show party at the hotel. Gail will give the report on the show.

I do want to thank all that donated to our silent auction. Mike and Terri New for their generous donation of a beautiful Pembroke piece they designed and was auctioned off through FaceBook. Our club Florida "basket" to be auctioned off at the National is going to be amazing!!! Thanks to all that have donated to it.

This years trophies were beautiful as always. The shadow box rosettes were spectacular!! We had so many compliments from people walking by our trophy table.

I hear there will be lots of brags in our newsletter!!!
Can't wait to read the critiques.

Until next time, stay cool and safe!

Grace Carter
President

Very pretty feminine Red and White baby who I like a bunch. Well put together all around and nice mover. If the show had been a week later she definitely would have been in the higher placements. Liked her very much.

This is a pretty puppy. Nice side gait and clean moving coming and going. Had a bit of movement in his topline when moving around the ring, but likely due to his age. Held his topline when standing.

Cute puppy. Moved around the ring nicely and light on his feet. A bit high in the rear; I'd like to see how his topline looks as he grows into himself. Was not surprised to learn he was the littermate of my winner in this class.

This puppy needs some time to grow up a bit. He had a bit of a roach in his topline and lacked reach and drive when moving around the ring. I would like to see some conditioning on this young boy as he gets older.

This red and white boy had a cute expression and used his ears well. Side gait could use more reach and drive and I would like to see more ribbing. He had nice, dark eyes.

This is a pretty puppy with nice breed type, but just seemed timid in the ring (I am sure partly due to age). Held her topline while standing, though a bit of movement in topline while gaiting. Nice dark eye.

Pretty girl with nice breed type. Walked into the ring like she owned the place and moved very nicely around the ring. Clean moving when coming and going. Slight bit of movement in her topline when gaiting but held herself well while standing.

This girl was the first tricolor in the ring today. Very animated and used her ears well. A bit of movement in the topline and a little messy in the front when gaiting back to me. Nice size on the ears and a nice dark eye.

Beautiful veteran boy in great condition. Moved around the ring like a 2 year old, not a 12 year old, light on his feet and with purpose. Beautiful outline and his sweet face made me smile. A bit of bounce in his topline, but overall great. It was very difficult to choose between this boy and the veteran bitch.

I have long admired this Red Headed Tri boy for his fantastic effortless side gait. He did not disappoint me today at age 12. He is so well put together from his pleasing masculine head with lovely dark well shaped eyes to his still level topline. He simply exudes quality and then he moves. Does not put a foot down wrong while holding his shape all the way around effortlessly. I was more than honoured to award him the top prize of the day. Bonnie makes Magic with Baymoor Imagination, again!

2024 Sunshine Pembroke Welsh Corgi Club Specialty Best of Breed!

GCHS CH MACH2 Baymoor Imagination RA HSDs HIAdS HIDs HXAdS
HXDs HSAdMsM MXG MJG MFS TQX T2B2

Born March 16, 2012

For many of us in the Pembroke Corgi world, a specialty win is the pinnacle of a life of dedication to the breed. Given the astounding quality of the entry at even a small Corgi specialty in the US, it can still elude the best of us.

“Magic” has always been competitive in the conformation ring and has earned many awards along the way that would make any owner proud. But to be earn a specialty Best of Breed at the age of 12 is, to put it mildly, astounding. It’s extremely rare. And frankly, just plain terrific!

(continued)

Of course, there's a reason Magic is still competitive at 12. He's active! Doing Agility, Obedience, Rally and Herding. He's fitter than many Corgis half his age. And that's a testament to the extensive efforts invested by his Breeder, Bonnie Hansen, and co-owners Diane and Lauren Hansen, each of whom has contributed to Magic's success over the years. Corgis are versatile herding dogs. And Bonnie has bred four generations of corgis that have earned Versatile Corgi Excellence awards. Know anyone else who can say that? Personally, I can think of maybe one other!

When you're at any event with Bonnie, you are truly in the presence of greatness. And she's one of us! Bonnie has graciously chaired the SPWCC All-Breed Agility Trial for many years. And again this year. She'll also be organizing our initial Herding Trial in January 2025. We could not be more blessed at SWPCC. It takes awhile to be great, but in Bonnie's case, it's natural. The advertisement on Page 31 shows her success dates back to 1982! ***Love the cool shades, Bonnie!***

About Magic, Bonnie writes:

“Magic” (GChS CH MACH2 Baymoor Imagination RA HSDs HIAds HIDs HXAds HXDs HSAdMsM MXG MJG MFS TQX T2B2 VCX) is from a two-puppy litter of males. By GCH CH Sandfox Cadenza x GCH CH MACH Baymoor Levitation TD PT MXS MJS OF T2B VCX, he is my fourth generation of VCX corgis. Since I was still working when he was young, Diane Hansen and her daughter, Lauren, my good friends in Jacksonville, helped me raise him. I earned his championship from the Bred-By class. Diane did his RN. Lauren earned the RA and taught him agility. He went

back and forth between Lauren and me for about three years, while he was earning his championship in USDAA agility and last year, he finished his Bronze Lifetime Award. I have done most of the AKC agility and herding with him, with help for his advanced herding titles after my knee said I had to take a break this spring. He also has advanced titles in AHBA and ASCA. Magic is certainly my “Once In A Lifetime” corgi, earning all of his conformation awards owner handled. He has been awarded BOS at three specialties, plus Selects and Awards of Merit. He really bloomed as a Veteran, and I was so honored he was awarded Best of Breed at this year’s Sunshine Specialty at 12 years of age.

The American Kennel Club (AKC) supports the aims of import regulations that seek to protect pet and public health, including those that seek to protect the United States from reintroduction of DMRVV (canine rabies). However, AKC is disappointed by the new, overly broad rule established by the United States Centers for Disease Control and Prevention (CDC), effective August 1, 2024, that will require all dogs to be at minimum six months of age prior to import into the U.S. AKC will continue to share our concerns with CDC, and encourages those who believe they will be impacted negatively to share concerns with CDC at cdcanimalimports@cdc.gov.

Why is CDC doing this?

Through [its new rule](#), CDC is seeking to prevent and deter the importation of dogs carrying DMRVV and other diseases or pathogens that threaten public health. Recent cases of such imports have been associated with falsified or fraudulent rabies vaccinations and/or other required health and import documentation. In 2020, CDC observed a 52% increase in the number of dogs that were ineligible for admission into the U.S. due to falsified or fraudulent documentation. The CDC's new rule cited several cases of rabies-positive dogs being imported into the U.S. by, or on behalf of, animal rescue groups that presented with documentation for those dogs that had been falsified.

Unfortunately, many of the dogs with falsified paperwork were claimed as personal pets (not for transfer/resale), to fraudulently exploit a U.S. Department of Agriculture (USDA) exemption that allows personal pets with demonstrated immunity to canine rabies to enter the U.S. before six months of age. Except for this exemption and several others, current law requires all dogs entering the U.S. for transfer (sale, adoption, etc.) to be at least six months of age.

In the final rule, CDC estimates that, in addition to the human toll, the importation of one rabies-infected dog costs federal, state, and local governments \$270,000 for conducting public health investigations and administering rabies medications to exposed persons. That number jumps to \$11.6 million if an exposure results in one human death.

Understanding the New Requirements

The new requirements are not legislation. Legislation requires passage in Congress and being signed into law by the President. Instead, the requirements are part of a final administrative rule promulgated under the CDC's existing legal authority to take administrative action to protect public health. There are numerous examples of this type of action in recent years, including the establishment of bans on imports from certain countries during the COVID-19 crisis.

The CDC considered two factors to be of utmost importance for protecting public health as related to importing dogs into the U.S.: The dog's vaccination status and its country of origin.

Effective August 1, 2024, all dogs imported into the U.S. are required to:

- (1) Appear healthy upon arrival,
- (2) Be at least six months of age,
- (3) Have an ISO-compatible microchip implanted for identification purposes, and
- (4) Be accompanied by a CDC Dog Import Form online submission receipt (no cost).

SUNSHINE THEMES

There are additional requirements for the following:

- A **dog entering the US from a rabies-free or low-risk country** may enter the U.S. at any U.S. port. It also must be accompanied by written documentation that the dog has resided or otherwise been only in rabies-free or low-risk countries for the six months before attempted entry into the U.S.
- A **U.S.-vaccinated dog entering the US from countries considered high-risk for rabies** must be accompanied by a *Certification of U.S.-issued Rabies Vaccination form*, and may enter the U.S. at any U.S. port.
- A **foreign-vaccinated dog from a high-risk country** must have a reservation with a CDC-registered Animal Care Facility, be accompanied by a *Certification of Foreign Rabies Vaccination and Microchip form* and a *CDC Dog Import Form* online submission receipt, and titer results from a CDC-approved laboratory. Dogs without titer results will be required to quarantine. These dogs may only enter the U.S. at airports with a CDC quarantine station and a CDC-registered Animal Care Facility.
- A **U.S.- or foreign-vaccinated dog from a rabies-restricted country** must be accompanied by a completed *Certification of Foreign Rabies Vaccination and Microchip form* and a *CDC Dog Import Permit*, and enter the U.S. only at airports with a CDC quarantine station and a CDC-registered Animal Care Facility. This is a limited exception for service and government-owned animals; otherwise dogs from a rabies-restricted country are not permitted to enter the U.S.

AKC Concerns: Disproportionately Impacting Purebred Dog Breeders and Competitors

Rabies is a devastating virus that is nearly 100% fatal once clinical symptoms appear. AKC recognizes and supports the vital importance of protecting U.S. public and animal health, including our status as a DMRVV-free country. AKC also recognizes CDC's goal of reducing opportunities for fraud that threaten this status, and the need to improve efficiency for the importation of dogs. AKC appreciates that the rule does improve and streamline some import documentation.

Unfortunately, CDC's approach does not recognize that law-abiding importers importing only a personal-owned dog represents a different risk profile than those importing dogs intended for transfer. The cases of rabies-positive dogs that have been imported into the US (as cited by CDC and noted above) were all related to fraud associated with the importation of dogs for resale. In developing its new rule, CDC did not differentiate between the public health risks represented by a law-abiding dog owner importing a personally owned animal that will reside with and be cared for by a documented individual, versus entities importing large quantities of dogs for unknown final consumers and that are already violating certain import requirements.

CDC's new rule also neglects to recognize the value of international collaboration among sportsmen and breeders of purebred dogs, particularly in preserving breeds at risk of extinction. For example, under the rule in effect through July, puppies that have reached four months of age and were vaccinated at three months of age, therefore considered fully vaccinated against rabies, may be imported by U.S. dog enthusiasts to begin training and assess future breeding quality. It also fails to recognize that some event competitors may temporarily travel between the U.S. and Canada, both of which are canine rabies-free countries, to compete with their dogs at events sanctioned by AKC or the Canadian Kennel Club.

Problematic international animal rescue importations that were based on falsified or fraudulent documents resulted in the importation and distribution of rabies-positive dogs among the general population of the U.S. Conversely, purebred dog enthusiasts who import a personal animal or collaborate internationally, or dog event competitors that travel internationally, were not responsible for those importations and are not proven to create similar threats to the health of either the American public or our animals. CDC's new rule nevertheless imposes new requirements and restrictions on these breeders and competitors, which AKC views as disproportionately impacting them.

AKC will continue to share our concerns with CDC about the disproportionate impact that will be experienced by purebred dog enthusiasts who import a personal animal and by owners who travel internationally or regularly transit land borders with their dogs, and continues to encourage those who believe they will be impacted negatively by the new CDC dog import rules to express their concerns directly to CDC at cdcanimalimports@cdc.gov.

The following is a reprint of the article submitted by SPWCC to the National Newsletter and published in the Summer 2024 issue. Featuring “Bernard,” the article was prepared by Gail and other clubs members.

About the article, Sharon wrote: *“Thank you for the wonderful newsletter article. It was good to see some of our members from the past and reminisce about the club's foundation and those we have lost. Of course, I'm happy to see my boy as a Florida Child. I can't thank everyone enough for the support shown to me through the years with my first every show dog.”*

Sunshine Pembroke Welsh Corgi Club, Inc

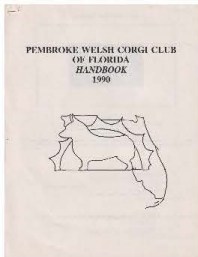

All photos are by club members unless stated separately or in the photo.

In the mid 1990's the two previous clubs in Florida: The Pembroke Welsh Corgi Club of South Florida and the Pembroke Welsh Corgi Club of Florida decided to join their membership, funds and experiences and form the Sunshine PWCC. There were many great Corgi enthusiasts that helped form this organization: Jean Bates, Patty Blackwelder-Gailey, Georgette Bodnar-LaSpina, Danelle and William Brown, Stewart and Kathy Bunn, Jo Durrance, Cathy Gordon, Judy Hart, Mickey Jacobson, Leah James, Bjorn Lamborn, David Luxton, Richard and Chari Magnan, Sherry Palmer, Alma Simpkins, Deb Shindle and Dona Straway. Many are still members today.

From Deb Shindle “we were a fun club then not sanctioned. I was president once we went from a fun club to an AKC sanctioned club, starting with a “B” match to “A” match to regular specialty status.”

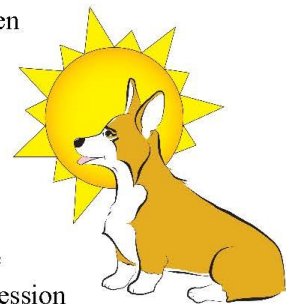

From Bonnie Hansen: (in the Winter 1994 Newsletter) “The NEW NAME for our club is the SUNSHINE PEMBROKE WELSH CORGI CLUB. This was done to regionalize the club for AKC purposes. The inactive South Florida PWCC is combining with us to help avoid any conflicts of area coverage.”

The Sunshine Pembroke Welsh Corgi Club (SPWCC) was incorporated in the State of Florida on September 28, 1994. Our first corporate officers and directors were: Deb Shindle, President, Jo Durrance, Vice President, Cathy Gordon, Treasurer and Claire McClure, Director.

Originally, we did use the PWCCFL logo, but in 1997 when Judy and Ron West became members, she designed our current logo which the club adopted and is using now.

We were added as the 13th PWCCA regional club in 1997. Our first specialty was held January 5, 1998, in Lakeland, FL. Jean York was our sweepstakes judge and Joan Gibson Reid was our breed judge. Our winners were

Best of Breed Ch. Fox Meadows Forest Gump and Ch. Sua Mah Lasting Impression was Best Opposite Sex. The Sweepstakes winners were Best Puppy Sandysshire's the Phantom and Best Opposite Perivale Southern Cross both from the 6-9 puppy class.

SUNSHINE THEMES

We have held a specialty every year since and a few years we tried back-to-back events, but with loss of sites to hold our events and lower entries, we went to concurrent events in 2017. For a number of years, we held our specialty concurrent with the Sunshine State Herding Group in conjunction with the numerous other breeds in December at the large end-of-year AKC show originally sponsored by Eukanuba then later Royal Canin.

Last year we joined the Citrus County Kennel Club in Ocala FL at the World Equestrian Center as a concurrent specialty. This is a wonderful site with inside A/C bathing and grooming areas. This year we will celebrate our 30th specialty Saturday, July 6, 2024 with Judge Kristen Francis for breed and 4-6 Beginner Puppy, and Lisa Peterson judging Puppy and Veteran Sweepstakes.

In the beginning, Claire McClure and Jean Bates were active in our rescue program. As this program grew, in 2006, the membership decided it would be best to spin off the rescue program and establish a 501(c)3 Florida corporation, Sunshine Corgi Rescue, Inc. (SCR) This would allow the donations to be fully deductible and would fully focus on the rescue of Pems in Florida. For many years, members of SPWCC have remained active helping with intake, placements and transportation of dogs surrendered in Florida.

SUNSHINE THEMES

Member, Dianne Tharp approached SPWCC about holding agility trials and we held our first sanctioned “A” Agility match 11/16/2003. We joined the Dog Training Club of St Petersburg at the Manatee Fairgrounds in Palmetto FL to hold 5 days of all breed agility trials, three days were DTCSP and two days were SPWCC. We worked hard but also had a lot of fun. We continued our agility trials at this venue until 2019 when the site was lost to us. In 2020, DTCSP moved their events to their inside facility in St Petersburg and invited us to hold a two day all breed trial at their facility. We are still there and now offering a three-day trial, with DTCSP helping run the events.

SUNSHINE THEMES

As we are so spread out in Florida, it is hard to hold fun activities that reach all the membership.

We held several "B" matches and CGC events in conjunction with all-breed shows throughout the years. With the advent of the new AKC 4-6 Beginner Puppy, we try to offer this at every specialty we have, thus it is replacing the matches of the past. We also had fun breed and obedience matches.

We meet at the PWCCA National for a group photo.

We had a contest for table decorations one year.

Several PWCCA member and non-member artist donated their design on centerpieces.

SUNSHINE THEMES

In 2017, we had a nice tracking demo with practice and a seminar given by Dianne Tharp at Deb Shindle's home in Vero Beach.

We held a Farm Dog and Herding introduction February 29, 2020 in Ft. Pierce at the Draxen Farm. This was a great well attended event, and we hope to have more.

SUNSHINE THEMES

SPWCC assisted PWCCA with the “Meet the Breed” booth several times in Orlando at the Eukanuba/Royal Canin Shows.

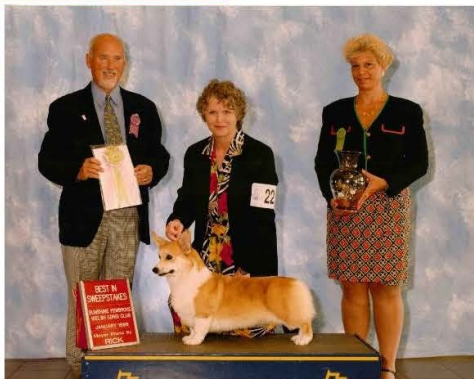

We are including some photos of old and new members and friends.
